**Current Language:**

State Association Affiliates and Non-Profit Affiliates shall convene in respective regions during the fall months preceding the biennial national conference. State Association and eligible Non-Profit affiliates may send up to six (6) delegates each.

**Proposed Changes:**

State Association Affiliates and Non-Profit Affiliates shall convene in respective regions during the fall months preceding the biennial national conference. State Association and eligible Non-Profit affiliates may send up to six (6) delegates each.

**If Adopted:**

(Removed)

**Rationale**

We have not had regional conferences since 2009 when NAD changed the format to NAD Leadership Training Conference (NLTC).

**Bylaws Committee Recommendation**

**Board/HQ Recommendation**

NAD Board/HQ supports this proposed amendment. Currently the NAD has not hosted regional conferences but instead has hosted NLTC. Removing this language gives the NAD flexibility to figure out optimal ways to host regional conferences, which would then not be mandated, but optional when needed.
