Title: Continuation of Senior Citizen Task Force

2020-RES-02
Author: Tim Wood
Seconded by: James Scott

Resolution:
To continue the NAD Senior Citizen Task Force for as long as deemed necessary, as they will be aligned with Deaf Seniors of America (DSA), as well as aligning with Deaf State Associations.

Rationale:
Due to a high population of Deaf senior citizens in Florida, and other states as well, there is a need for a centralized task force to address continuing issues, as well as recent issues involving resources on how Deaf senior citizens can deal with the Coronavirus pandemic. Such resources may also involve healthcare, housing, and accessibility to information from local and state governments.
